

Action Taken Report 2018-19

In response to the feedback received, the college administration has initiated various measures to address the raised concerns:

- **PTA Involvement:** The administration is actively working to strengthen the operations of the Parent Teacher Association, fostering improved communication with parents. It is recommended to establish class-wise parent-teacher WhatsApp groups for direct communication of student performance to parents, and to enhance the frequency of class-wise PTA meetings.
- **Extracurricular Activities:** The college is dedicated to expanding and enriching extracurricular activities for students, aiming for a more comprehensive educational experience. It is suggested to enhance activities through the elected college union. Additionally, students should be encouraged to participate in various programs organized by other institutions/organizations in and around the college campus.
- **Grievance Redressal Mechanism:** A comprehensive review of the grievance redressal system is in progress to ensure the timely and effective resolution of student concerns. Information about the composition, functions, and significance of the Internal Complaints Committee (ICC) will be communicated to students through various channels.
